Final Note by the Minister for Education and Public Health

Subject— Improvement of Palace Guttahalli and Dobspet hamlets adjoining the Palace in Bangalore

'F' In the Government Order dated the 24th November 1945, Government directed the City Improvement Trust Board, Bangalore, to take early action in the matter of improvement of Dobspet Upparahalli areas

'G' The Chairman of the City Improvement accordingly submitted, in his letter dated the 13th November 1946 a scheme at an estimated cost of Rs 4,98,759 in consultation with Mr Krumbiegal and the Trust Board This scheme involved the acquisition of private buildings and agricultural lands, the formation of cottage sites and bungalow sites and the provision of roads, parks and drains As the formation of sites in the area after the acquisition of the present properties would again lead to congestion for the removal of which the scheme was taken up, it was considered not desirable to allow any buildings to spring up in this area and the Chairman was therefore asked to submit revised proposals subject to the following instructions -

'H' (i) no agricultural lands in the area need be acquired,
(ii) all the houses and house sites may be acquired and the entire area kept open,
(iii) arrangements may be made in the Kumara Park West Extension to provide extra sites in lieu of the formation of cottage sites proposed in this scheme

'R' The Chairman has now submitted a modified scheme in accordance with the above instructions which is estimated to cost Rs 3,46,480/-

'M' In view of the urgency of the matter, sanction was accorded to the scheme

'Q' The Dewan and the other Ministers approve of the scheme and I solicit the gracious approval of His Highness to the above scheme and to the action taken in the matter

Adverting to Government Order No L 4940-7/M1 154-44-5 dated the 24th November 1945 directing among other matters that the scheme for the improvement of Dobspet Upparahalli area and other places adjoining the Palace be taken up by the Trust Board for execution, I have the honour to state that after inspection of the area by the members of the Board on the 18th December 1945, plans and estimates for the Scheme were prepared and placed before the Board at its meeting held on 5th January 1946 for consideration The Dewan inspected the area on 3rd January 1946 and directed that Mr Krumbiegel be consulted about the improvements to be effected in the area Mr Krumbiegel was accordingly consulted, and the Scheme was placed before the Board

2 It was resolved on 5th January 1946 by the Board that the houses other than those decided to be retained be acquired and that if possible, 250 sites

be formed in Kumara Park West to the north of the Pipe Line for settling the displaced families and that the question of constructing houses for them be decided later The Scheme was accordingly notified on 16th April 1946 in the Official Gazette under Section 14 (1) of the Act A copy of the Scheme was also sent to the President, City Municipal Council Commissioner, City Municipality and the Deputy Commissioner, Bangalore District, as required by Section 16 of the Act Notices were also issued to all the owners of properties proposed for acquisition as required by Section 16 (2) of the Act

3. Mr. Krumbiegel to whom the plan prepared by this office according to his suggestions for improving the area had been sent, forwarded a revised layout plan proposing the acquisition of a few more properties in addition to those proposed by the Board. This revised layout plan was further considered by the Board at its meeting held on 28th May 1946 and it was resolved 'that all the remaining properties in Dobspet Upparahalli area not already included in the scheme approved by the Board, be also acquired and that a separate layout plan for the further improvement of the area be got prepared and placed before the Board with suitable proposals for housing the displaced families either in the same area or elsewhere'

4. Accordingly, the revised layout plan in accordance with the resolution and prepared by Mr Krumbiegel was circulated among the members of the Board and, after

considering the scheme, it was finally resolved by the Board at its meeting held on 8th July 1946, "that the revised plan furnished by Mr Krumbiegel be approved and further action taken to notify the Scheme"

5 In modification of the original scheme notified on 16th April 1946, the revised scheme was notified in the Official Gazette dated the 25th July 1946 and in the two subsequent issues dated the 1st August 1946 and 8th August 1946 as required by Section 16 (1) (b) of the City of Bangalofe Improvement Act of 1945 Copy of the notification was sent to the President, City Municipal Council on 23rd July 1946 calling for any representation which the Municipal Council might think fit to make in regard to the scheme as required by Section 16 (1)(a) of the Act and to the Municipal Commissioner, City Municipality and the Deputy Commissioner, Bangalore District, for being put up in some conspicuous part of their offices, a copy of the notice being affixed to this office Notice Board also for the information of the public The City Municipal Council at its meeting held on 14th August 1946, which I attended, approved of the above scheme and on 19th August 1946 sent a copy of their resolution in this behalf to this office

6 As required by Section 16 (2) of the Act notices were served between 19th August 1946 and 23rd August 1946 on all the 262 persons whose names appeared

in the Municipal Assessment Book or Land Revenue Registers as primarily liable for the payment of property taxes or Land Assessment leviable under the rules in force on the properties proposed to be acquired by the Board for the purpose of the improvement scheme and requiring an answer within 30 days from the date of service of the notice whether the person so served dissented or not in respect of the proposed acquisition of such land or building as shown in the notice

7 In all, 67 representations have been received in respect of 147 persons concerned from 24th August 1946 to 28th September 1946 One more representation was received on 17th October 1946 The representations or objections received from these persons are classified under different categories as per note enclosed It is seen therefrom that the main point urged by most of the owners was that they might be granted site for site in the same locality after improvement or elsewhere Only, Desopakarini Lady Thamboo Chetty in her letter dated the 14th September 1946 addressed to this office represents that only 9 guntas out of S No 9 in Upparahalli village may be acquired for the purpose of improvement and the remaining portions of S.No.9 and the whole of S.No 18 may be left out of acquisition as they do not come in for the formation of sites or roads (vide Petition No 6 and Sl No 8 in the enclosed note) Messrs. B Krishnaswami Naidu, Govindaswami Naidu and 80 others represented by Messrs K Hanumanthiah and K P.Puddappa (vide

Petition No.14 Sl No 10 in the enclosed note) represent that the scheme is not legel in view of the fact that the Government had already in their Order of 24th June 1943 sanctioned a plan for the improvement of this very locality for which the Municipal Council, Bangalore, had prepared a plan etc , and that it might be adopted They, however, state that they do not wish to stand in the way of real improvement of the locality consistently with their economic interest The rest of the owners have generally no objection to the proposed acquisition

8 These representations and objections were considered by the Board at its meeting held on 22nd October 1946 and after some discussion it was resolved "that the area of only 9 guntas in S No 9 be acquired and the remaining area of S No 9 be left out and the whole of S No 18 be also left out of acquisition and the scheme be modified accordingly, the other objections being considered untenable, and that the scheme be approved as modified and sent to Government for sanction and that steps be taken separately to acquire as much area as may be necessary out of S No 11 for the purpose of the approved layout if found necessary at a later stage" as it was pointed out by some of the members that a portion of S No 11 not yet notified would be necessary for the approved layout The original scheme has been accordingly modified by omitting the cost of S No 18 in the estimate, amounting to Rs 948-12-0 plus cost of 29 guntas in S No 9 with

two wells and one zinc sheet shed amounting to Rs 4,232/- which are also omitted from acquisition.

9 The new layout furnished by Mr. Krumbiegel and approved by the Board provides for 27 cottage sites ~~and 16~~ rather close to the Palace valued at Rs 36,264/- as per estimate and 16 Bungalow sites with extensive parks and play-grounds. Necessary roads with foot-paths, curb-stones and culverts have been provided in the estimate. Provision is also made for the formation of parks and play-grounds The total cost of estimate of the scheme amounts to Rs 4,98,759/- as per details furnished in the enclosed estimate The report accompanying the estimate explains the details of the provision made for various items of work and the basis on which the rates for different kinds of works are provided The cost on this account is proposed to be met out of the normal grant of Rs 5 lakhs sanctioned for the current year and the unspent balance of last year The cottage sites to be formed are proposed to be sold at Rs.3/- per sq yard and bungalow sites at Rs 5/- per sq yard and the total realisation by the sale of sites is estimated at Rs 3,39,759/- The net cost to Government will therefore be Rs 1,59,000/- As this is not a scheme of a remunerative character, but is one of an improvement nature (clearance of slums, etc) the scheme cannot be made self supporting

10. Proposals have been submitted to Government separately for the formation of a residential extension in Kumara Park West with a view to make accommodation for displaced families of the Dobspet Upparahalli area The

construction of tenemental blocks in a portion of this extension at an estimated cost of Rs 2,23,600/- recommended in this office letter No.450 of 46 dated the 16th August 1946 for the temporary use of some of the poor displaced families has since been sanctioned by Government in their Order No L 5499-5502/M1 13-46-28, dated the 5th November 1946

11 I request that in these circumstances, sanction of Government may kindly be obtained to the scheme as resolved by the Board
